(540) 863-2933

[www.dslcc.edu](http://www.dslcc.edu)

### **Purpose**

The Advanced Health Care Certificate was developed for those planning to enter nursing or other health-related specialty.

### **Admission Requirements**

Students who meet the admission requirements to the College are eligible for enrollment into the program. Individuals are expected to be proficient in basic English, mathematics and reading. Appropriate developmental courses are available for those who need to update their skills.

### **Program Description**

Courses were selected to provide a breadth of basic knowledge that would be valuable for those entering nearly any health-related specialty. Nutrition, medical terminology and developmental psychology are examples.

### **Employment Outlook**

Jobs in healthcare are expected to grow at a rate much higher than average. This certificate program includes courses that would help individuals build a strong foundation for healthcare-related career pathways they plan to enter.

#### TRANSFER OPTIONS

Agreements exist between Dabney S. Lancaster Community College and various four-year colleges and universities. Contact Student Services for information about further study after graduation from DSLCC.

#### DISCLAIMERS

Every effort is made to ensure accuracy, but the College reserves the right to make edits with respect to course offerings, programs and requirements contained in this publication. This information is provided for the convenience of the reader and DSLCC disclaims any liability.

Please note that not all courses are offered at all locations or during all sessions. Check class sites and times when registering.

Most programs of study begin in the fall semester. Please note that while new students are welcome to enroll in any session, those who enter in spring or summer will likely find that completion of requirements may take longer.
