Purpose

The General Studies program is the first two years of many four-year college or university majors. Core requirements include English, mathematics, humanities, social sciences and natural sciences.

Admission Requirements

Students who meet the admission requirements to the College are eligible for enrollment into the program. Individuals are expected to be proficient in basic English, mathematics and reading. Appropriate developmental courses are available for those who need to update their skills.

Program Description

This is an excellent program for those seeking a solid general educational background. It is also recommended for students who have not identified a specific major and/or specific institution to which to transfer.

Employment Outlook

This program is for those who plan to earn a bachelor's degree. If, however, graduates seek employment after completing this program, the balanced foundation in general education will most likely provide opportunities to enter and advance in most positions over those who have no college background.

TRANSFER OPTIONS

Agreements exist between Dabney S. Lancaster Community College and various four-year colleges and universities. Contact Student Services for information about further study after graduation from DSLCC.

DISCLAIMERS

Every effort is made to ensure accuracy, but the College reserves the right to make edits with respect to course offerings, programs and requirements contained in this publication. This information is provided for the convenience of the reader and DSLCC disclaims any liability.

Please note that not all courses are offered at all locations or during all sessions. Check class sites and times when registering. Most programs of study begin in the fall semester. Please note that while new students are welcome to enroll in any session, those who enter in spring or summer will likely find that completion of requirements may take longer.
