### **Purpose**

The Education program provides the first two years of a guided pathway for students interested in completing a four-year college or university degree, with licensure to teach. This curriculum provides general education in a program leading to a career at the kindergarten, elementary, middle school, and/or secondary levels.

After successfully completing the first two years at DSLCC, the student will be transfer-ready for entry into the third year of a four-year college or university to prepare the student to teach in a selected educational setting. The program takes four semesters or two years of full-time study to complete.

### **Admission Requirements**

Students who meet the admission requirements to the College are eligible for enrollment into the program. Individuals are expected to be proficient in basic English, mathematics and reading. Appropriate developmental courses are available for those who need to update their skills.

### **Program Description**

Students who successfully complete this program will be ready to transfer to prepare for a career in elementary, middle or secondary education.

### **Employment Outlook**

Education positions will grow 12 percent through 2021 according to the Bureau of Labor Statistics. Numbers of openings will vary by region, reflecting differences in population growth, student-teacher ratio and budgets.

#### TRANSFER OPTIONS

Agreements exist between Dabney S. Lancaster Community College and various four-year colleges and universities. Contact Student Services for information about further study after graduation from DSLCC.

#### DISCLAIMERS

Every effort is made to ensure accuracy, but the College reserves the right to make edits with respect to course offerings, programs and requirements contained in this publication. This information is provided for the convenience of the reader and DSLCC disclaims any liability.

Please note that not all courses are offered at all locations or during all sessions. Check class sites and times when registering. Most programs of study begin in the fall semester. Please note that while new students are welcome to enroll in any session, those who enter in spring or summer will likely find that completion of requirements may take longer.
