Purpose

The Law Enforcement Certificate was developed for those who wish to gain or upgrade skills for an academic award, either to enhance credentials and/or complete a program before continuing further study for an associate degree.

Admission Requirements

Students who meet the admission requirements to the College are eligible for enrollment into the program. Individuals are expected to be proficient in basic English, mathematics and reading. Appropriate developmental courses are available for those who need to update their skills.

Students who provide documentation of graduation from accredited law enforcement and correctional academies may be eligible for advanced placement.

Program Description

This Certificate program includes basic courses in writing skills, social sciences, and skills used for first aid for a variety of emergency situations. The curriculum also requires the completion of specialized Administration of Justice courses.

Employment Outlook

Employment of law enforcement officers should be strong, as safety and security concerns continue to grow. Nearly all facilities in every community have policies and procedures related to safety, and work with law enforcement agencies to ensure safety of citizens.
